

Meg Sykes

What is important to me when I am at work:

Ask me for help, I like to help people.

My health and happiness.

That I am always learning and developing new skills.

My friends and family and my dog Eric.

Being a valued member of the team.

Being organised and that I come in early to get set up.

How best to support me when I am at work:

Text should be large, 48pt for me to read.

That I have my Big Letter Keyboard.

If I do something wrong, please don't correct it if I am in the office, please show me how to correct it myself.

I am a positive person and I don't like negative communication.

Have a laugh with me 😊

Give me time to complete a task, don't rush me.

How I implement Future Directions mission and values in my daily work:

I am adaptable in learning new skills, I am transparent, open and honest, I go the extra mile by volunteering my time and I put people first by being positive and friendly and listening to others.

What People Like and Admire About Me:

Always happy.

Fun and helpful.

Is very welcoming, always with a smile.

Has gained lots of confidence.

Doing a great job!
